Dear Tim,

As we enjoy our new screened-in porch, we want to thank you for a job well done. All the compliments we have received on the workmanship and the design we credit to you and your crew of craftsmen.

Not only do we appreciate the careful craftsmanship of Greg, we also appreciate your having materials arriving on time, inspectors showing up, and progress being made daily. Having had contractors work on our house in the past, we applaud your organizational abilities.

We will continue to recommend Creative Renovations to our friends,

Sincerely,

Ralph and Mary Beth Bamforth
