I called Tim and had him come out for a consult. He was very open about pricing and references. Tim is not cheap, but good work never is. He focuses on making new construction appear to have always been there. In my case he had to focus on a reduced budget from what he usually deals with. He did a great job of pricing it within my budget and getting me exactly what he promised. Additionally, he dealt with some unusual material sourcing methods so I could use some pricing advantages I had. **I would definitely use Tim again as I believe in doing it right once rather than getting the cheapest option and having to replace it.**

Description Of Work: They built a brand new screened in porch in our backyard.

Member Comments:

They very efficient and informative on what to expect along the way. They did a fantastic job. They spent about 4 months building the deck which it wouldn't take that long due to us having more work done on our home at the same time. They gave us exactly what I had envisioned my mind. We paid extra for the work which it was definitely worth it. **It was worth paying more to get the quality we received.**

Description Of Work: They enclosed our existing 10 x 10 foot porch and made it into a screened porch. They also built a deck onto the porch. The deck is about 8 x 8 feet. They put lighting in the porch and outside by the deck. They also put about six outlets in the porch and one outdoor outlet.

Member Comments:

I just cannot say enough good things about them. They did an excellent job. The workers were very friendly. We just love the porch and deck. The job was done in a couple weeks. The whole service experience was exceptional. I do not think the price is anyone's business.

Description Of Work: Tim and his team remodeled our home to make it handicap accessible. They widened 3 doorways, completely gutted the master bathroom, and made an absolutely gorgeous, creative and perfectly suited roll-in tile shower.

Member Comments: I could not possibly have been more pleased. Tim's company not only started on time- they started a week EARLY because he knew that my husband, who is paralyzed, was in dire need of the home being remodeled after another contractor dropped us for no apparent reason, leaving us high and dry... literally- no shower!! He stayed 100% on budget, asked for milestone payments, not all up front and hired absolutely top notch crew to complete the job. I recommend them without hesitation- which is a rare occurrence for a home remodeler!
