

Tim,

Thank you for the fine job you did when adding a screen porch to our home. It blends in perfectly with the house and looks as if it has always been there. Special thanks to Don and Buddy, your carpenters, they did a great job. The entire process from when you first came out through completion has gone very smoothly. Everyone who came out to work on the addition was courteous, professional and pleasant to work with.

Please feel free to use us as a reference.

Sincerely

Chris and Jean Maske
